### About

One-size-fits-all solutions don't address the fact that your skin type is unique and what may be a good fit for someone else's skin may not be a good fit for yours - that's what makes SKINID different. Find your unique skin care regime that is a perfect fit for you with today's TeamBuy: \$15 for a SKINID personalized acne solution from NEUTROGENA.

To develop a personalized acne skincare system, the NEUTROGENA DERMATOLOGICS team extensively reviewed the different acne medicines available on the market today and analyzed the key factors that can affect your skin, such as where you live, how much time you spend in the sun, how active you are, the amount of stress you experience, and much more. Then, they poured everything they learned into the development of a unique skin evaluation tool that is similar to an in-office visit with your very own dermatologist and developed a line of effective acne skincare products. Still unsure if it's right for you? **Results** have shown that **100% of SKINID users in a clinical trial had healthier looking skin in just 8 weeks!**

#### What is included with today's Buy:

- Personalized 3 product SKINID kit featuring active ingredients to effectively fight your acne.
- A bonus SKINID acne spot treatment.
- A bonus SKINID travel bag.

"I used SKINID and I've started seeing a difference right away and it's been absolutely fantastic ever since, I'm quite happy. I feel fantastic, I feel confident, I feel independent and I feel like a new persona, I feel like a new me. They're not seeing caked on makeup, or someone who's hiding behind hats or clothing or whatever it may be - they are seeing me, and I'm finally not hiding."
